E-mail: [icdcoisca@gmail.com](mailto:icdcoisca@gmail.com)

## **About Us**

### **Mission**

To introduce the well-known Japanese style of early childhood education in English to the communities and societies here since it nourishes children's curious, kind and independent mind and senses. It develops them into a good citizen who can move towards creating a better personality and a brighter future.

### **Vision**

To build the children's community where they will feel free to practice who they are yet work in a harmonious group with various activities provided by the teachers. This is always with full hearted, eye-leveled educational guidance and supervision.

### **Core Values**

#### **1. Buiding a Strong Body**

Health is the top priority for a child's growth. Therefore, we provide vigorous physical activities on a daily basis and nourish both physical and spiritual strength.

#### **2. Cultivation of Independence and Socialization**

We encourage students to learn basic social living skills; greeting teachers and classmates, teaching them how to dress by themselves, following routines, being patient, etc....

#### **3. Realization and Upholding a pure Heart**

We believe that all children have pure hearts; Therefore, we give our utmost value to it, since this is the source of satisfaction for their childhood from being cared and loved by their surroundings.

#### **4. Creating Better Thinking Skills**

We intend to satisfy their intellectual curiosity and develop their power of imagination and senses, while building a positive perspective for problem solving.
